

Colorado Ninety-Nines Profile

Name	Lynn Mareth
Ninety-Nines Involvement	Past Membership Chairman (2004-2009)
Occupation	Computer Consultant; part owner of a computer consulting firm in Boulder
Year joined	2001
Type of Certificate	Private Pilot
Ratings you hold	ASEL, Instrument
Flight Hours	500
Do you own an airplane?	Yes, a 1954 Piper Super Cub & a 1979 Cessna 185 Skywagon. We do a lot of backcountry camping in Idaho during the summer so they are great airplanes for that type of flying.
Why did you start flying?	My husband received his Private Pilot license back in 1999 and I thought I should learn how to land the plane in case of an emergency.
Tell us about your favorite flying adventure	We spent the summer of 2003 flying up to and around Alaska with our airplane. It was truly a trip of a lifetime.
Why did you join the 99s?	To meet and network with other women pilots. I was also looking for a mentor to talk with me about flying taildraggers and found Gail Schipper who not only mentored me, but became a good friend in the process!
What is your favorite 99s event or activity?	I enjoy participating in flying and airmarking activities our chapter.
Hobbies, interests, or information about your self that you would like to share	I live on a private grass airstrip and it's a lot of fun flying right from the house. I also enjoy horseback riding, telemark skiing and hiking with my dogs.
